

MOTION BY SUPERVISOR ZEV YAROSLAVSKY

APRIL 14, 2009

Set Item #2 Amendment

I MOVE that the Memorandum of Understanding that has been developed to govern the relationship between the Sheriff and the various contract entities with respect to the COPS Hiring Recovery Program (CHRP) be amended to provide that contract entities must continue to fund, and may not eliminate, deputy sheriff generalist positions not funded by the CHRP grant, either during its term or in the year immediately after the grant expires, in order that the burden of meeting the “non-supplantation” grant requirement will fall upon the contract entities with respect to grant funding for the 137 deputy sheriff generalist positions being requested on their behalf, and not on the County.
